

# Labor Market Study of Hazardous Waste Workers and Associated Emergency Responders

Prepared for  
National Institute of Environmental Health Sciences and U.S. Environmental Protection Agency

Prepared by  
Ruth Ruttenberg & Associates, Inc.  
Ruth Ruttenberg, Deborah Weinstock, and Lina Santamaria

September 1996

## Table of Contents

Executive Summary	
Acknowledgments	
Table of Contents	
Table of Tables and Charts	
<b>Section I: Overview</b>	<b>1</b>
Overview of Hazardous Waste Cleanup	2
How Many Sites Are There?	2
The Cleanup Process is Complex	2
Economic Impact	4
Is There Such a Job Category As Hazardous Waste Worker?	5
Introduction To This Study and The Data Upon Which It Is Based	5
Protection of Privacy	6
Sites for Which Certified Payroll Data Were Obtained	7
Sites for Which Other Than Certified Payroll Data Were Obtained	8
Site of the EPA Removal Cost Management System	8
Sites of the EPA/ASTSWMO State and Territorial Data Base	9
Data on Emergency Response Associated with Hazardous Materials Incidents	9
Literature Review	10
Organization Of This Report	10
<b>Section II: Findings and Data Analysis</b>	<b>11</b>
Description of Labor Skills Needed for Cleanup: A Study Of 18 Sites	11
Categories of Labor	11
Wages	16
Use of Overtime	16
Where Workers Live	16

Equipment Needed For Cleanup .....	16
Description Of Labor Market Needs by Category of Cleanup Site .....	18
1. Sites Regulated by EPA's Superfund Program .....	18
A. National Priorities List .....	18
B. Federal Removals .....	22
2. Sites Regulated by EPA's RCRA Program .....	23
3. Department of Energy Environmental Restoration Sites .....	25
4. Department of Defense: Defense Environmental Restoration Program .....	29
5. Underground Storage Tanks .....	31
6. State and Private Sites .....	33
Other Issues .....	35
Choice of Remedy .....	35
Labor Market Demand By Type of Remedy .....	35
Labor Mix With Containment Remedies .....	37
Emergency Response .....	39
Environmental Justice and Economic Opportunity .....	43

**Section III: Demand For Jobs Over Time** ..... 45

A. Projections Of The Overall Number Of Workers Needed To Complete Mandated Hazmat Cleanup .....	45
Issues Involved in Making Projections .....	45
Projections for HAZMAT Jobs 1990-2010 .....	48
Estimated Cost Of Cleanup .....	52
Estimated Cost of Operations and Maintenance .....	55
B. Projections of Labor Market Needs by Category of Cleanup Site .....	55
1. Total Estimated Job Generation From NPL Site Cleanup .....	55
2. Total Estimated Job Generation From RCRA Site Cleanup .....	63
3. Total Estimated Job Generation From DOE Site Cleanup .....	64
4. Total Estimated Job Generation From DOD Cleanup .....	66
5. Total Estimated Job Generation From UST Cleanup .....	66
6. Total Estimated Job Generation From State and Private Sites Cleanup .....	67
Number of Employment Episodes Likely to be Higher Than Estimated Job Years .....	68
Job Projections Over Time .....	71

**Bibliography** ..... Bibliography - p. 1

**Appendices**

Appendix I Methodology .....	Appendix I - p. i
Appendix II Sites in the Data Base .....	Appendix II - p. i
Appendix III Tables Referred to in Text .....	Appendix III - p. i
Appendix IV Tables Not in Text but Available on Request .....	Appendix IV - p. i
Appendix V Forms .....	Appendix V - p. i
Appendix VI Acronym List .....	Appendix VI - p. i
Appendix VII Glossary .....	Appendix VII - p. i
