a: [Dose level x food consumption] / [average body weight of day range]

b: Mean ± Standard error [Number of dams]

c: Dams missing any value for any of the separate time intervals of GD 6 through GD 21 were excluded from the GD 6-21 endpoint.

d: Dams missing any value for any of the separate time intervals of LD 1 through LD 14 were excluded from the LD 1-14 endpoint.

e: Body weight at LD 10 not included in calculations because it was not available.

f: No statistical tests were performed.
