

DEEP SOUTH BIOSAFETY WORKER TRAINING PROGRAM

WEBINAR SERIES

Chemical Hazards During COVID-19: Disinfectants, Cleaning Chemicals & Tear Gas

THURSDAY

July
9

12:00 – 1:00 PM CST

Cost: FREE

The COVID-19 Pandemic has created numerous challenges to EMS and Healthcare Providers including responding and managing injuries from exposures to cleaning chemicals and disinfectants by patients who are concerned with virus transmission. Additionally, recent protests have raised concerns regarding risks of viral transmission during crowd gatherings, however, injuries from trauma and tear gas have also been reported.

During this webinar, two experts in medical toxicology, will discuss hazards from disinfectants, cleaning chemicals and tear gas as well as the emergency assessment and management of associated injuries.
